

# Forestry and Forest Products Research Institute

Audit Office

Compliance Office

Coordination Office

Diversity Promotion  
Headquarter

Research Planning  
Department

General Affairs Department

Principal Research  
Directors

Forest and Water Resources  
Conservation

Climate Change

Biodiversity and  
Biological Function

Forestry Technology and  
Management

Wood Utilization

Woody Biomass

Forest Health and  
Mushroom Science

Research Cooperation  
Promotion Headquarter

Principal Research  
Coordinator

International Partnerships

Academia-Industry-Government  
–Civil Cooperation

Regional Collaboration Promotion

Kanto and Chubu Area  
Cooperation

Forestry Research

Department of Plant Ecology

Department of Forest Vegetation

Department of Forest Molecular  
Genetics and Biotechnology

Department of Forest Management

Department of Forest Policy and  
Economics

Department of Forest Engineering

Wood Research

Department of Wood Properties  
and Processing

Department of Wood Engineering

Department of Wood-based  
Materials

Department of Wood Improvement

Department of Forest Resource  
Chemistry

Forest Research

Department of Forest Soils

Department of Disaster Prevention,  
Meteorology and Hydrology

Department of Forest Entomology

Department of Wildlife Biology

Department of Mushroom Science  
and Forest Microbiology

Strategic Research

Center for Biodiversity and  
Climate Change

Center for Forest Restoration and  
Radioecology

Center of Forest Damage and  
Risk Management

Center of Advanced Materials

REDD-plus and Forest-DRR Research  
and Development Center

Hokkaido Research Center

Tohoku Research Center

Kansai Research Center

Shikoku Research Center

Kyushu Research Center

Tama Forest Science Garden
