

Workshop on **Diversity, Disturbance Regime and Function of East Asian Forests**

Date: 15th March 2012

Venue: Forest Environment Research Information Room,
Forestry and Forest Products Research Institute, Tsukuba, Japan

Programme

- 13:30-14:00 **Latitudinal changes in structure and productivity of mangrove forests in the Ryukyu Archipelago**
Rempei Suwa, Forestry and Forest Products Research Institute
- 14:00-14:30 **Typhoon disturbance and forest ecosystem dynamics in Taiwan**
Teng-Chiu Lin, National Taiwan Normal University
- 14:30-15:00 **Spatial heterogeneity of soil water condition in a temperate forest: Does it matter as a community assembly rule?**
Takashi Masaki, Forestry and Forest Products Research Institute
- 15:00-15:20 **Coffee break**
- 15:20-15:50 **Underlying mechanisms controlling species area relationships and distance decay curves in temperate forests**
Xugao Wang, Institute of Applied Ecology, Chinese Academy of Sciences
- 15:50-16:20 **EA-FDPN: plots network for forest and carbon dynamics from Siberia to equatorial zone**
Tamotsu Sato, Forestry and Forest Products Research Institute
- 16:20-16:50 **General discussion**
- 16:50-17:00 **Closing remarks**
Hiroshi Tanaka, Forestry and Forest Products Research Institute
