

# Gender Equality Week 2023 - Purpose of the Exhibit

The Forest Research and Management Organization (FRMO) holds  
annual Gender Equality Week from June 23 to 29.

The activities include the promotion of diversity in the workplace, mainly by  
displaying posters and other materials.

This year's official theme (set by the Cabinet Office)

Let's eliminate assumptions and protect individuality  
**Creating a Future for All, Together**

With the lull in the new coronavirus infection, social  
activities have begun to pick up.

Although we still cannot let our guard down, face-to-face  
meetings have increased and we seem to be returning to  
our previous lifestyle.

We hope that all of our staff members will be able to  
spend our time in a positive and cheerful manner.

Please take a look and enjoy presentations.
